

AWCTS SYSTEM RELEASE NOTES

Release Date: 20 August 2016

Release Number: v 2.8.9

Release Summary

The 2.8.9 release of the Army Warrior Care & Transition System (AWCTS) consists of a number of bug fixes and enhancements.

If at any time you have questions or concerns about system capability, please do not hesitate to contact the AWCTS Service Desk at 855-813-8867 or support@awcts.zendesk.com.

AWCTS Module: ALL

Release Items	Description
"On-the fly" System reports capability <i>(change)</i>	New System Reports can now be developed and deployed outside the release cycle. Reports can be uploaded to the system through Report Management in the Admin Module. Requests for new system reports may be submitted to the AWCTS Service Desk.
Paging on Reports grid <i>(change)</i>	Paging is now available on the reports grid to improve load time and navigation.
Row count and total columns removed from Ad Hoc Reports <i>(change)</i>	Ad hoc reports no longer contain additional default columns for "TOTALROWS" and "RowNumber."
View truncated data in Reports grids <i>(change)</i>	Reports grid data fields where data exceeds the displayable size and a trailing ellipsis (...) is visible, hovering over the text will allow the user to view the full text in a tool tip window.

AWCTS SYSTEM RELEASE NOTES

AWCTS Module: Admin	
Release Items	Description
System report management capability <i>(change)</i>	A Reports Management section will allow the AWCTS support team to upload new System Reports for all modules. Requests for new system reports may be submitted to the AWCTS Support Desk.
Improved Audit logging and navigation <i>(change)</i>	The audits capability now has paging and supports date range selection with a default of 14 days. The system selection dropdown in Audits now remains present at the top of the audit grid during scrolling. The Audit logs now capture changes to Administrative role and to account status.
Improved Admin features <i>(change)</i>	The Roles section features a new and more reliable swap box with the ability to allow multiple selections, drag and drop and double click to make selections. The Administrator role no longer sticks to user account when removed from the "Assigned" box.

AWCTS Module: AW2	
Release Items	Description
Update tabs, grids and headers <i>(change)</i>	Updated look and feel for grids, tabs and headers throughout AW2 is now available. Changes include: <ul style="list-style-type: none"> • Improved grid filtering • "Remove filters" option on commonly used grids to reset the grid • Heading styles • Existing link/button styles • In-pane scrolling <p>This change is part of regular system architecture maintenance.</p>
Modernize existing charts and dashboards <i>(change)</i>	Modernized Charts and graphs throughout AW2 are now available. This change is part of regular system architecture maintenance. The chart areas on the Cases, Contacts, and Issues pages and sub-pages can be resized for improved visibility by dragging the bar under the charts up or down to allow full chart visibility.

AWCTS SYSTEM RELEASE NOTES

Screens resize to fit browser window <i>(change)</i>	Refreshing a window after changing its dimensions will adjust the view for maximum functionality. To resize, change the dimensions of a window then refresh using F5. This will adjust the contents of the window to maximize the available screen space.
Update popups <i>(change)</i>	New pop-up window style is now available throughout AW2. This change is part of regular system architecture maintenance.
“Last Interviewer” field <i>(fix)</i>	A defect preventing changes if the previous interviewer was no longer a user active in the AW2 module has been fixed.
Address Purpose Code selector <i>(change)</i>	The shuffle boxes to select address purpose codes have been upgraded to allow multiple selections, drag and drop and double click to make selections

AWCTS SYSTEM RELEASE NOTES

Known Issues		
Module	Description	Workaround
AW2, OMB, WTU	Occasionally, a page does not load fully resulting in strange color scheme or shortened grid	Refresh the page (F5) and it will load normally
AW2, OMB, WTU	Printouts using the Print Link to print or save a page are cut off.	Use grid exports where possible. Print from the largest screen possible (F5 refresh if necessary). The printout will show all visible screen area.
AW2	Attachments Popup boxes have varying formats	Be aware of the location of Save and Cancel options.
AW2	“Address – Physical Location” System Report does not run/times out	Create an ad hoc report to pull the desired location data. Contact the AWCTS Support Desk for assistance: support@awcts.zendesk.com .
WTU	Pending In-Process Tab may not populate	If Soldiers are in-processed using the Off-Duty In-Processing feature (On Call), the On Call user will need to email the CTP Management Analyst the Soldier’s information. The Soldier’s case record is found using Search and fully in-processed using the “In-Process” link in the Assignment section of the case.
WTU	CER Entrepreneurship Tab	After checking the Entrepreneurship Participation checkbox, the user must leave the page and then return in order to add data.
WTU	Exporting ad hoc reports in Excel results in a blank spreadsheet for some users	Use .CSV export format if Excel is not populating correctly.
